

MARINE CORPS RESERVE

On behalf of the Marine Corps League, Dunes Leathernecks Detachment #1056 of Porter County, we wish to express our heartfelt appreciation for your generous and unselfish gifts of kindness that you gave to the 2023 Toys for Tots local campaign.

Your monetary donations made it possible for us to purchase toys that we needed and your donated new, unwrapped toys that filled our collection boxes made it possible for all of us that volunteer to help families and children in our local community to receive toys and gifts this Christmas season making this our 24th and best year to date.

Overall, our district coordinators, committee members and our awesome volunteers worked hard again this year. We had 168 collection boxes covering 144 collection sites. Every child we helped received at least 3.5 toys plus a game or a book making their Christmas so much happier. This year we gave away a record 144 bicycles. The total number of children that received toys was 2,206.

We sincerely thank you and so do the children and their families that you so richly blessed.
