Send money with ZELLE® at U S Federal Credit Union

Zelle® makes it fast, safe and easy to send money digitally to those you know and trust with a bank account in the U.S.

U S Federal Credit Union has partnered with Zelle so you can easily send money to friends, family and others you trust.¹ It's a fast, safe and easy way to send and receive money, split the cost of a bill or pay back your roommate for your share of the rent.

Zelle is available within the U S Federal Credit Union mobile app, which means you don't have to download anything new to start sending and receiving money!

1. In order to send payment requests or split payment requests to a U.S. mobile number, the member must already be enrolled in Zelle.

Zelle and the Zelle related marks are wholly owned by Early Warning Services, LLC and are used herein under license.

Security Center Update: Gift Card Scams

At U S Federal Credit Union, our member's safety and security is one of our highest priorities. When scams have a potential to affect our members, we want to make sure everyone is aware of it to help protect themselves from falling victim.

Scammers are targeting people all over the area by tricking them into purchasing gift cards and reloadable cards from local stores such as Walgreens and CVS. These fraudsters will call innocent victims and claim they are from the government or from a tech support company and they will say that the caller owes money that can be paid via gift cards.

Please remember that no real business or government agency will ever insist you pay them with a gift card. If you receive a phone call from a scammer asking you to pay them with gift cards, please report the incident to ReportFraud.ftc.gov and do not purchase the gift cards. For more information about the gift card scams and how to protect yourself, please visit consumer.ftc.gov/articles/gift-card-scams.
